

TRADE FAIR REVIEW

Firmengruppe Schilt

A STRONG CONNECTION

WE WOULD LIKE TO EXPRESS OUR THANKS FOR YOUR ACTIVE INTEREST

Following a four-year break, the Fastener Fair Global took place in March. Over 11,000 visitors from 83 countries attended the international flagship fastener and fixing technology event in Stuttgart. The Schilt Group showcased the company with a newly designed, open and spacious booth, which offered ample room for interaction and face-to-face meetings. Our team of knowledgeable experts were in demand throughout the entire trade fair. Following the difficult times in the last few years, we were excited by the highly positive feedback and countless conversations with customers and inquisitive visitors. One-on-one conversations allowed us to establish several mutually beneficial business relationships.

We look forward to successful joint endeavours.

EXPERT ADVICE AVAILABLE AT ALL TIMES

Thanks to our employees from all three companies in the Schilt Group, customers and interested parties were directed the right contact person to answer their questions at our fair booth. With both commitment and expertise, we presented the wide range and quality of our products.
